## UNO TOURNAMENT & PIZZA BUFFET *FUND-RAISER*

### Official UNO Tournament Rules...

#### GENERAL:

- These tournament rules override any and all Official UNO rules
- All decisions of the Official Judge are final.
- Younger children are allowed to be coached by a parent or another adult. (The word "coached" will be very liberally applied as there is no age distinction rules between tournament competitors.)
- These rules may be updated or changed up until the time that the tournament begins.

#### OBJECT:

- To be the player who either scores the LEAST or MOST amount of points after playing 6 official tournament hands of UNO.
- Each Player will compete in 6 hands of UNO with each hand having *at least* 3 players each.

#### SCORING:

- Each player will keep score of his or her official score sheet for all 6 hands.
- After a player has completed playing all 6 hands, then they will register their scores with the Official Judge for the tournament tally.
- If there is a tie then there will be a final hand played between the tie-makers to determine the winner. If only one of the tie-makers is available to play then that player automatically wins the tie.
- There will be 2 winners in this tournament:
  - ◇ The Player with the LOW score wins a prize
  - ◇ The Player with HIGH Score wins a prize
